

IN THE CLAIMS

Please cancel claims 2, 4, 6, and 8.

Please amend claims 1, 3, 5, and 7 and add claim 9 as follows:

1. (CURRENTLY AMENDED) A wrapped bolster seal for doors of a motor vehicle comprising:

at least two door panels, ~~further comprising one being the~~ a wet side door panel and the other being ~~the~~ a dry side door panel;

a rib; and

edge wrapping layers; ~~around said wet side door panel~~

wherein said rib is embedded so as to create a seal between said wet side door panel and said dry side door panel, said seal adapted to reduce moisture from contacting said edge wrapping layers.

2. (CANCELLED)

3. (CURRENTLY AMENDED) The wrapped bolster seal as in claim 1, wherein said rib is higher than ~~then~~ the maximum thickness of individual said edge wrapping layers.

4. (CANCELLED)

5. (CURRENTLY AMENDED) A wrapped bolster seal for doors of a motor vehicle comprising:

at least two door panels, ~~further comprising one being the~~ a wet side door panel and the other being ~~the~~ a dry side door panel;

a rib;

edge wrapping layers ~~around said wet side door panel~~; and

a foam-like material;

wherein said rib is embedded within said foam-like material so as to create a seal between said wet side door panel and said dry side door panel, said seal adapted to reduce moisture from contacting said edge wrapping layers.

6. (CANCELLED)

7. (CURRENTLY AMENDED) The wrapped bolster seal as in claim 5, wherein said rib is higher than ~~then~~ the maximum thickness of individual said edge wrapping layers.

8. (CANCELLED)

9. (NEW) The wrapped bolster seal as in claim 1, further comprising a pair of extended members opposite said rib, wherein said rib is embedded between said pair of extended members so as to create said seal.
